TXF Asia is back, in-person, in Singapore! After three fabulous virtual editions, nothing can compare to face-to-face meetings and getting back in the room with the finest export finance minds.

Having missed out on the opportunity to bring an in-person event to Singapore for over three years, we are delighted to welcome back TXF Asia 2022: Export, Agency & Project Finance! Whilst it has been a pleasure to bring the market virtual editions, we all know that nothing can compare to face-to-face interaction and networking. Don't miss out on this opportunity to come together with your peers, clients and new business partners. After all, our events are where deals happen!

What can you expect from this forward-thinking event?

A unique event that encourages the market to look at difficult questions, and challenge the status quo

Senior networking opportunities, as we gather together CEO's, CFO's, regional Heads of Business, plus key Asian ECAs and DFIs

An interactive atmosphere with live Q&As, collaborative workshops and 'idea lab' style sessions

Even more time dedicated to networking with ice-breaker drinks, cocktail reception, long lunches & fun activities

Don't miss out on this chance to connect with a wider and more diverse audience than ever before, so you and your team can put your best foot forward not only as the best informed but connected too.
