CONSIDER THIS GUIDE YOUR PASSPORT TO AN EXTRAORDINARY WEEK!

From the **6th-10th November**, the city will transform into a global hub for professionals, offering a unique platform to explore the intricacies of the commodities industry. But this guide goes beyond business — it will be your companion in discovering the **hidden culinary gems** and leisurely activities that Geneva has to offer, as well as a rundown of the showstopper of the week, **TXF Geneva 2023!**

A WORD FROM TXF'S MANAGING DIRECTOR

TXF is proud to have been a part of the indispensable Geneva Commodity Week over the last decade. The Week sees commodity professionals from across the globe descend on the vibrant city for key networking, dealmaking and discussion on industry trends.

This guide is an attempt to ensure all participants can maximise their time while in Geneva, whether that is through attending an external event that they did not know about or through finding a nice spot for some internal drinks. In so doing, TXF is continuing the role it has proudly played since entering Geneva: providing the glue that brings together traders, producers, financiers, insurers, investors, advisors, lawyers, collateral managers, economists, academics and more.

Myself and a large TXF team will also be onsite throughout Geneva Commodity Week, so if you would like to engage with us or if there is anything else we can do to help support this important initiative, please do not hesitate to reach out.
