

TXF FIT MasterZone

Singapore

May 9, 2019

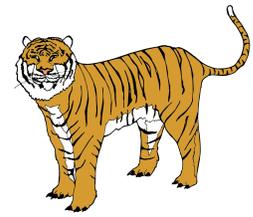

Ashurst LLP, 12 Marina Boulevard, #24-01 Marina Bay Financial Centre Tower 3, Singapore 018982

Welcome to the TXF FIT MasterZone in Singapore!

On 9 May senior players working across trade, treasury & risk will come together in a unique forum to discuss financing international trade (FIT) and the management of risk along supply chains.

The event will consist of snappy, short presentations from key voices in the industry and a chance to get stuck into the up to the minute issues with our in-depth discussions covering:

- Financing tomorrow's supply chain
- The age of automation in treasury and trade
- Disruptive technology in action

Join us in Singapore and discover the best practice in an intimate and collegiate environment. Attendance will be capped at a maximum of 80 participants with tangible and tailored editorial output that will be shared with attendees and featured on the [TXF FIT Zone](#) after the event.

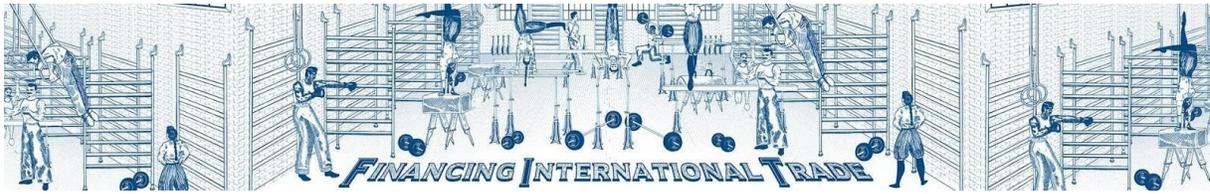

FIT MasterZone Concept:

And it doesn't end there. The FIT MasterZone for trade, treasury and risk is a new series of bespoke events fostering knowledge sharing with expert briefings and best practice roundtables.

Be a part of the most forward-thinking forums with TXF FIT and position yourself as an industry expert.

[Contact us](#) to find out how you can get involved today.

Agenda

10:30	Registration & Networking Coffee
11:00	<p>Opening Remarks from TXF and Host Partner</p> <p>Katharine Morton, Head of Trade Treasury and Risk at TXF and Jean Woo, Partner, Ashurst</p>
11:15	<p>Live Audience Survey: Taking the Temperature of Trade, Treasury and Risk - Your Pain Points TXF's signature anonymous live poll looks at the risks that are really nagging you both globally and operationally and gives a snapshot of your thoughts of what's really happening to shape the market.</p> <p>Jean Woo, Partner, Ashurst</p>
11:30	<p>Headline Presentation: Invisible Banks - The Future of Corporations More and more businesses are looking to reduce their risk, reduce their debt loads and gain more independence and control over their financial performance. Traditional vehicles are falling short when it comes to continuity in bottom line improvement, so corporates have begun tapping their own balance sheets to drive financial destinies. Learn from three examples of corporate enterprises leading the new generation of financial liquidity to optimise their working capital while also improving operating ratios and funding innovation.</p> <p>Dru Shiner, Chief Sales Officer, C2FO</p>
12:00	<div style="display: flex; align-items: flex-start;">  <div> <p>Profile Pow Wow: Talking Trade and Treasury with the Corporate Why aren't you a robot yet? It's a question that most treasurers and procurement professionals don't want to be asked. Creating a digital treasury function that amalgamates trade and treasury isn't easy, but this treasurer isn't afraid to talk about the progress. TXF talks working capital optimisation digital style with this experienced player.</p> <p>Manu Taneja, Executive, Cash Management & Treasury Services (APAC), GE Treasury</p> </div> </div>
12:30	Lunch & Networking Break
13:30	<p>Assembly One: Financing Tomorrow's Supply Chain</p> <p>Understand what your suppliers are expecting from your organisation in order to continue consistent delivery of quality, on-time products. Learn how your decisions and relationship with them impacts their pricing and what you can do about it to reduce costs and risk. What does the supply chain of the future look like and how can it unite the interests of buyers, suppliers and finance? Here we discuss the challenges and opportunities that the modern-day supply chain presents.</p> <p>Led by Dru Shiner, Chief Sales Officer, C2FO and Jerry Dimos, SVP-ASEAN Pacific, C2FO</p>

<p>14:15</p>	<p>Assembly Two: The Age Of Automation In Treasury And Trade</p> <p>Who is showing leadership in digitisation? It's not just SWIFT gpi and Ripple in cross border payments. Share the state of the art with digitised trade finance in action. Singapore is gaining a global reputation as the hub for digital trade. A reality check of where are we now, and where digitised trade and treasury is going.</p>  <p>Jonas Falk, Managing Director, SKF Treasury Centre Asia & Pacific</p> <p>Sriram Ananthakrishnan Managing Director- APAC, Azzana Consulting</p> <p>Yvonne Zhang, Head of Product and Partnerships, HeveaConnect</p> <p>Nitin Jain, Head of Treasury and Capital Markets, Agrocrop International</p> <p>Wai Yee Choo, Deputy Director - Networked Trade Platform Office, Singapore Customs</p>
<p>15:00</p>	<p>Coffee & Networking Break</p>
<p>15:30</p>	<p>Disruptive Tech in Action: The Reality Check</p> <p>Let's have a reality check about how to balance risk with innovation. What's actually happening with blockchain? This is a quick and accessible view of what's actually moved the agenda so far, and the latest picture in terms of developing bank consortia. What practical changes will make it beyond the noise?</p>  <p>Andrew Koh, DGM, Regional Risk, HBL Ltd</p> <p>Claudia Villasis-Wallraff, Treasury & Risk Consultant</p>
<p>16:00</p>	<p>The Crystal Ball: International Treasury in Times of Trade Turbulence and Regulation</p>  <p>Disruption to international supply chains because of rising protectionism has become a new normal, and treasurers and their financiers need to be able to be adaptable to manage the risks of trade wars, protectionism, tax and regulations. Look into this crystal ball with this expert speaker.</p>
<p>16:30</p>	<p>Closing Remarks and Cocktail Reception</p>
