

DEALS OF THE YEAR AWARDS 2021

THE PERFECT 10

Overview

The trade, commodity and export finance sectors are special – they make a true contribution to the real global economy. To receive a Perfect 10 award is an incredible achievement. We will be looking to make awards for the Trade/Commodity Finance Perfect 10 and also for the Export Finance Perfect 10.

TXF is now open to receive Deal of the Year submissions for 2021!

Deal submissions can be submitted by any party involved in the transaction – from arrangers, lenders, borrowers, exporters, importers, advisers, investors, lawyers and other service providers in the market.

We are looking for the most innovative, market influencing transactions within trade, commodity and ECA/DFI-backed financing. Deals must have been signed **within calendar year 2021**.

If you and your team have contributed to something praiseworthy this year, please nominate your deals. Alternatively, vote for someone else's deal you think deserves to be commended. Winners will be announced publicly in Q2 2022. To participate, just follow the steps below.

1

Submit your deal by email

Deadline for submissions – Monday (CoB) 07 February 2022

We need to know why you think the deal should be considered for a Perfect 10 Award for 2021. Please provide us with at least a paragraph on what makes the deal stand out.

Please include as much information about the deal as possible or download our [Excel submissions form](#) if you'd rather. Please send us your deal information as an attachment in Microsoft Word, PDF or PowerPoint.

If the deal has already been submitted to us via tagmydeals, please let us know that, but also provide some of the additional deal detail listed below for the Deals of the Year submission process. You do not need to contribute each nomination to a specific category.

Please include the following details:

- What type of financing structure
