INTRODUCTION

22 NOVEMBER

23 NOVEMBER

TXF presents Global Trade 2021 Virtual, a gathering of global trade finance professionals which this time will focus on 4 areas within trade finance: Data, emerging markets, supply chain finance and trade credit insurance.

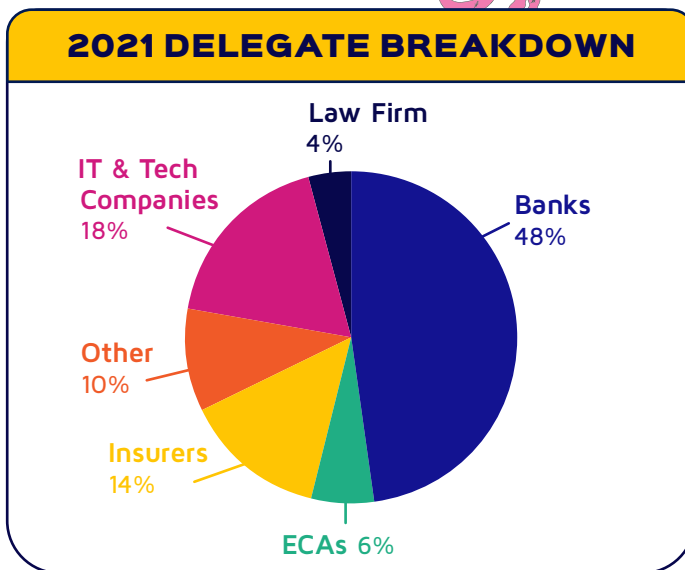

Each themed segment presents a unique perspective on the challenges posed to market practitioners, and features a combination of short, informative presentations and panel discussions.

For more information, visit the site here.

KEY THEMES:

- Data
- Emerging Markets
- Supply chain finance
- Trade credit insurance
- ESG
