TXFMENA2020

ECA, PROJECT & COMMODITY FINANCE

**AN UNCOMPROMISING VIRTUAL EVENT COVERING
ECA, PROJECT & COMMODITY FINANCE IN THE
MIDDLE EAST**

It's been a strange year to say the least, with Covid-19 drastically changing the way we do business. However, these changes make it even more crucial to gather project, trade and commodity finance professionals and drive business in a unpredictable market.

In these changing times TXF's growing series of virtual events have proven to give our audiences the much needed chance to make real connections, stay in the know and crucially carrying on making deals. Returning for the 5th year TXF MENA: ECA, Project, Trade & Commodity Finance will join the stellar TXF virtual event line-up this year on the 4th and 5th November beaming directly to your mobile, laptop or desktop, covering everything from geopolitical issues affecting the region to individual case studies and sectors.

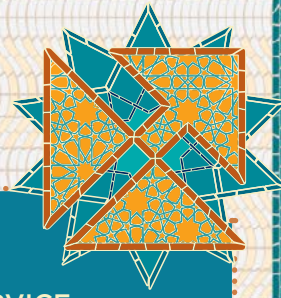

We'll connect guests digitally, with real opportunities to network, bringing together a host of local names and those further afield to share their expertise and make profitable connections. Partnering with the world's newest ECA - Etihad Credit Insurance - as well as local government agencies, the Aman Union and a host of international and regional market-movers, TXF MENA will be unlike anything you've seen before.

The MENA market is navigating its way through a transformative energy sector, ECA-driven innovation, end-to-end digitisation of trade and increased localisation. Therefore diversity, dexterous deal-making, pricing and investment priorities will dictate performance levels in the region next year.

Make sure you are part of these vital virtual discussions on 4th & 5th November to put you and your team at the forefront of the industry not only as the best informed but also as the best connected.

Here's to another year of successful deal-making!

YOUR VIRTUAL EVENT GUIDE

BEFORE

ADVANCE ATTENDEE LIST & NETWORKING TOOL ACCESS

Simply click on other digital to send a message or initiate a call

DATA DRIVEN MATCHMAKING SERVICE

Submit your company profile and we will arrange meetings with your most compatible business partners

DURING
