About TXF Research

TXF Research makes up one third of TXF Intelligence along with TXF Data and TXF Essentials. TXF Research supplies the most detailed market insights into the export, commodity, and trade finance industries. Using an in-depth and robust methodology that combines quantitative trends with thought provoking qualitative insights, TXF Research provides unique and proprietary

data and analysis based on primary sources. In addition, TXF Research offers a bespoke research service to paying clients. Working in collaboration, TXF Research collect, collate, analyse, and write reports to the focus and scope of the research, with the final product being a thought leadership piece to be used by the client as they choose.
